# REPAIR YOUR BIKE YOUR WAY

## **HEADSET / PEDAL WRENCH**

Tighten or install handlebars & pedals

# **HEX KEYS**

Tighten crank bolts, brake levers, shifters, derailleurs, brake cables, shift cables, stems, handlebars, etc.

#### **SCREWDRIVERS**

Install accessories, such as lights, reflectors, bells; adjust components like derailleurs & brakes

### **DUAL-HEAD BIKE PUMP**

Use on both Presta & Schrader valves; inflate tires at least once a week or two; recommended pressure is usually found on tire's sidewall
